4014 CYLINDER FIRE PIT

Standard Options: The CYLINDER FIRE PIT base model provides a deep pan and mesh screen for wood-burning fires. This product may also be fitted with the options below. While firepit dimensions do not change with each option, there may be variations on the top face when selecting your burner. Our Project Managers are on hand to discuss additional options to complement your burner selection.

Please note that firepits are for outside use only, regardless of burner selection.
