

# FIRE PIT OPTIONS

ore

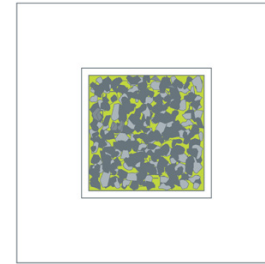

## 🔥 NATURAL GAS KIT OR LP KIT

A pre-installed match lit gas kit with an adjustable key valve, manifold, flex hose, and fittings.

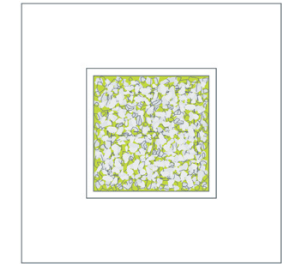

## ⚡ ELECTRONIC PILOTLESS IGNITION

This is a stainless steel self-contained control box mounted within the fire pit body. Requires 110V connection and gas line. Switch operated.

## 🪨 LAVA ROCK

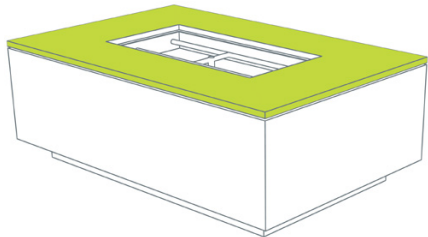

Black or Terra Cotta lava rock 1"-2".

## 🗑️ GLASS ROCK

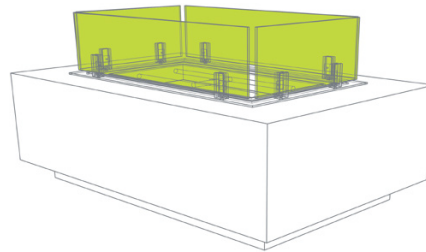

Recycled glass chunk aggregate ½"-1".

Visit [ore.design](http://ore.design) for more information.

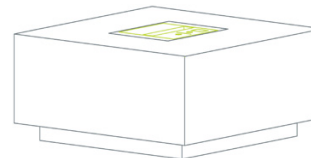

## 🗨️ GRANITE TOP

¾" thick ultimate black granite with a honed finish. ¼" reveal between granite and top of fire pit. Available on most fire pit designs.

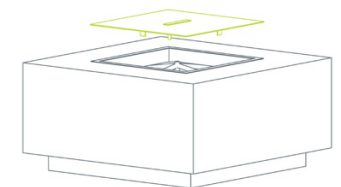

## 🪟 GLASS SURROUND

¼" thick tempered glass with machined aluminum hardware. Available on most fire pit designs.

## 🌱 ECOSMART BURNER

Eco-friendly, no ash Bio-ethanol stainless steel burners that integrate into several of our fire pit designs.

## 🔒 FIRE PIT LID

A flush mounted lid with a retractable handle, this option creates additional surface area and provides protection from rain and snow. The fire pit lid is included with all electronic ignition fire pits and is available as an option for most of our fire pit designs.
