## RAL CUSTOM POWDER COAT FINISHES | ALUMINUM

Ore uses the RAL color system for custom color coatings. Visit [www.ralcolor.net](http://www.ralcolor.net) for more information.

### VOC FREE

Ore Inc.'s powder coating and patination processes emit low volatile organic compounds (VOCs).

# ARCHITECTURAL POWDER COAT

**DESCRIPTION:** Ore offers four high quality AAMA-2604 architectural powder coat finishes on all of our aluminum planters. The AAMA certification process includes environmental testing for powder coatings at 100°F and 100% humidity to ensure high-performance under high-intensity climate and weather conditions.
